

We would like to invite you to Vilajoyosa. A colorful quiet little fishing town by the Mediterranean Sea north of Alicante Spain. Our studio has been in operation since the summer of 2019. We have local and foreign artists who spend longer or shorter time working in our painting studio and print makers spending time on our engraving press. This is a great opportunity to meet other artists and spend a week or two with us. The colors of the city buildings and the light in our studio provide excellent inspiration.

If you are a group of friends or from an Art Organization, we would be happy to discuss other periods of the year for you to visit us. We will look for times outside specialized Art Seminars by local and visiting artists too.
